NV Estimated 10 Year Occupation Growth & 2019 Earnings in the Business Service Sector
Randall Mead, Economist

Note: 2019:91
August 13, 2019

Nevada Top Ten Projected Growth Occupations; Business Services Sector

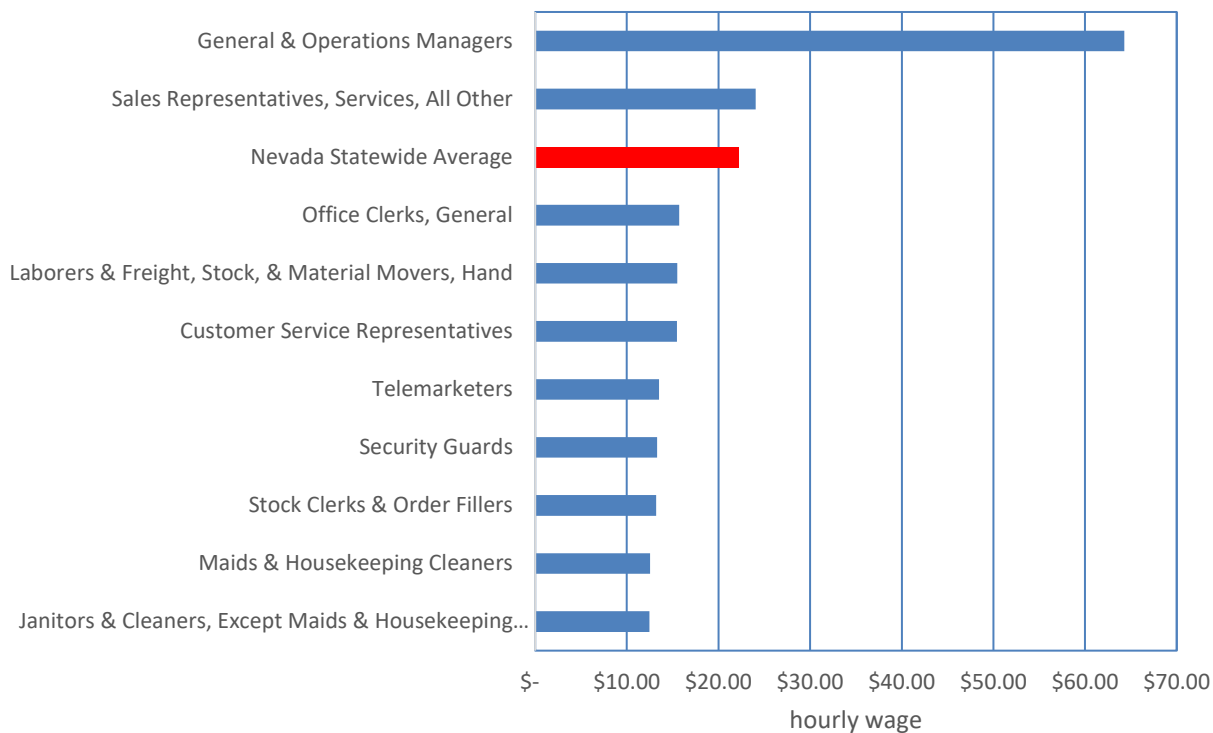

- The Research and Analysis Bureau's 10-Year Occupation Projections are derived from a detailed analysis of Quarterly Census of Employment and Wages (QCEW) industry data and OES information.
- The Occupation Employment Statistics (OES) program collects wage and employment data for 867 occupations and is the primary source of this information in the U.S.
- These top 10 occupations are collectively predicted to add 13,000 new jobs within 10 years.
- Sector 56 (Administrative and Support and Waste Management and Remediation Services; "Business Services") is the fastest growing sector in Nevada.
- Customer Service Representatives are projected to have the greatest nominal growth with 3,013 positions.

Research Notes

Nevada 2019 Mean Hourly Earnings for Top Ten Growing Occupations; Business Services Sector

- 2019 Wages were derived from 2018 OES Wages indexed by the *BLS Employment Cost Index – March 2019 Wages and Salaries Increase of 2.9%*.
- The 2019 mean hourly wage for General and Operations Managers in Business Services is \$66.16. This wage is similar to General and Operations Managers in other sectors, yet indicates a greater contrast between management and non-management occupations. This is the only management occupation in the top 10 predicted growth of this sector.
- Eight of the ten top growth occupations make less than the Nevada Statewide Average of \$22.84 per hour.
- Customer Services Representatives, the fastest predicted growth occupation of this sector, falls mid-range in pay among the top 10 growing occupations of the sector.
